

MTSD College & Career Week

November 13-17, 2017

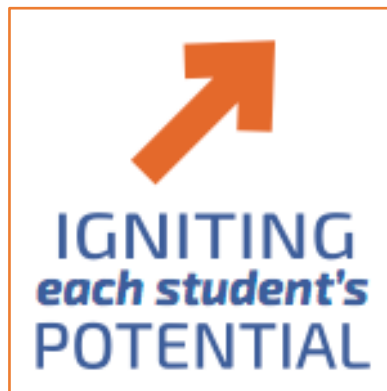

*"The best preparation for tomorrow
is doing your best today."*

-H. Jackson Brown, Jr.

Student motivation for educational success can be greatly influenced by targeting students' aspirations for their future identity.

During MTSD College & Career Week, students will gain exposure to post-secondary opportunities.

Families can participate in this experience by discussing goals and the pathways taken to reach career aspirations.

Reach

Higher. Own your future.
