

# Summer Academy

MEQUON-THIENSVILLE RECREATION DEPARTMENT

2024

Taught by our own MTSD educators!

As you plan activities for your children this summer be sure to keep in mind the academic and enrichment courses that are offered through the Mequon-Thiensville Recreation Department. Summer Academy is designed for students entering 4K-9th grade and is taught by very own MTSD educators.

## SCHEDULE

There will be two sessions of Summer Academy. Session 1 will include ONE full week of activities, Monday-Friday. Session 2 is TWO weeks, Monday-Thursday.

### 4K-5th Grade Registration:

In-person classes are in block format. When you register for a block you are registering for a 2.5 hour block of time with two classes (except for 4K Jumpstart Block program) depending on the content and grade level. Teachers will provide students a 10-minute outdoor break during that time to provide some movement, please dress students appropriately.

### 6th-9th Grade Registration:

In-person classes are in a single class format. When you register for a class you are registering for one class depending on the content and grade level.

We also offer the opportunity for lunch in the building. If you register for this, students will need to bring their own lunch. Drop off time for all courses is no earlier than 5 minutes before the start of the course.

**SESSION 1:** June 17–21 ONE full week, Monday-Friday

**SESSION 2:** July 22-Aug. 1 TWO weeks, Monday-Thursday

## LOCATION

**Classes for 4K-5th grade** will be held at Range Line Community Center, located at 11040 N. Range Line Rd., Mequon

**Classes for 6th-9th grade** will be held at Lake Shore Middle School 11036 N. Range Line Rd., Mequon

## LUNCH

No charge for lunch both sessions for those students who stay for classes all day. **Students must register if planning to stay for lunch in order to plan for supervision.** Lunch is not provided; students should bring lunch from home.

## PLAYGROUND AND OUTDOOR GAMES

Supervised playground activities are available for students who require morning drop off or additional supervised time in the afternoon.

## FINANCIAL AID

Financial Aid is available for students who qualify for the Free and Reduced Lunch Program. For financial aid applicants, please register in-person at the Mequon-Thiensville Recreation Department located at Range Line Community Center located at 11040 N. Range Line Rd., Mequon.

## REGISTRATION

Information and registration is available online and in-person at the Mequon-Thiensville Recreation Department (Range Line Center, 11040 N. Range Line Rd., Mequon). Register online at <https://web2.vermontsystems.com/wbwsc/wimequonthiensvillewt.wsc/search.html?module=AR&Category=SACAD>

**REGISTRATION DEADLINE:**  
**April 15, 2024**

## PRICING

### SESSION 1 (1-week session, 5 total days)

#### AM PLAYGROUND:

\$35 Resident/ \$45 Non-Resident

#### 1-CLASS:

\$66 Resident/\$78 Non-resident

#### 2-CLASS BLOCK:

\$131 Resident/\$155 Non-Resident

#### GAMES & PLAYGROUND:

\$50 Resident / \$60 Non-Resident

### SESSION 2 (2-week session, 8 total days)

#### AM PLAYGROUND:

\$55 Resident/ \$65 Non-Resident

#### 1-CLASS:

\$103 Resident/\$118 Non-resident

#### 2-CLASS BLOCK:

\$205 Resident/\$235 Non-Resident

#### GAMES & PLAYGROUND:

\$80 Resident / \$90 Non-Resident

## VIRTUAL

**ALEKS:** \$100 per person

**25% DISCOUNT  
FOR SIBLING REGISTRATIONS**

**Please contact us if you have any  
questions regarding Summer Academy!**

Full Schedule #1

#### **4K-5th grade: (Range Line)**

In-person classes are in block format. When you register for a block you are registering for a 2.5 hour block of time with two classes (except for 4K Jumpstart Block program) depending on the content and grade level. Teachers will provide students a 10-minute outdoor break during that time to provide some movement, so please dress students appropriately. All classes will be at Range Line Community Center, except for Digital Photography and Beginning Ukelele (Grades 4-5) which will be held in the Lake Shore Middle School Music Room.

#### **6th-9th grade: (Lake Shore Middle School)**

In-person classes are in a single class format. When you register for a class you are registering for one class depending on the content and grade level. All classes for 6-9 will be at Lake Shore Middle School except for Creative Drama class (Grade 5-9) which will be held in the Range Line Community Center Conference Room.

<b>8-9 a.m.</b>	<b>Morning Playground</b> Range Line Gym	<b>#315009</b>
<b>9-11:30 a.m.</b> <b>Room: 100</b>	<b>4K Jumpstart</b> <b><i>Block Class AM with 10-minute break included</i></b> The 4K summer program will provide your child with an opportunity to grow socially, emotionally, and academically by learning skills such as classroom etiquette, pre-literacy skills, and math concepts. Children will engage in large and small group hands-on activities designed with the young learner in mind! <b>Instructor:</b> Beth Hollander, 4K teacher, Wilson Elementary School	<b>#315010</b>
<b>12-2:30 p.m.</b> <b>Room: 100</b>	<b>4K Jumpstart</b> <b><i>Block Class PM with 10-minute break included</i></b> The 4K summer program will provide your child with an opportunity to grow socially, emotionally, and academically by learning skills such as classroom etiquette, pre-literacy skills, and math concepts. Children will engage in large and small group hands-on activities designed with the young learner in mind! <b>Instructor:</b> Hailley Groth, Teacher, Donges Bay Elementary School	<b>#315011</b>

<b>8-9 a.m.</b>	<b>Morning Playground</b> Range Line Gym	<b>#315009</b>
<b>9-11:30 a.m.</b> <b>Room: 107</b>	<b>GRADE 5K - Math FUNdamentals &amp; Academic Games</b> <b><i>Block Class AM with 10-minute break included</i></b> <b>Math FUNdamentals:</b> This class offers students the ability to strengthen skills and gain extra practice in mathematics utilizing workshop approach. This class will focus on building skills in numbers and operations, algebraic thinking, geometry, data and measurement. <b>Academic Games:</b> Students will build on their academic skills (reading, writing and math), aligned with age level readiness, through different activities, games, and centers. <b>Instructor:</b> Jessie Klink, Teacher, Donges Bay Elementary School	<b>#315012</b>
<b>9-11:30 a.m.</b> <b>Room: 108</b>	<b>GRADE 1-First Grade Math FUNdamentals &amp; Zones of Regulation</b> <b><i>Block Class AM with 10-minute break included</i></b> <b>First-Grade Math FUNdamentals:</b> In this course, students will preview the mathematical skills of first grade. They will complete hands-on activities utilizing manipulatives to increase their conceptual understanding of addition and subtraction strategies, geometric shapes, and measuring lengths. Students will practice critical and flexible thinking as they engage in everyday mathematical concepts. <b>Zones of Regulation:</b> In this course, students will explore the Zones of Regulation. They will learn to recognize their body's signals, identify states of emotion, and develop coping strategies to regulate their behavior. Students will create a "Regulation Toolbox" and explore mindfulness. <b>Instructor:</b> Kaitlin Koch, Teacher, Lake Shore Middle School	<b>#315014</b>
<b>11:30 a.m.-12 p.m.</b>	<b>Lunch</b> Free lunch supervision is offered for students who sign up for both AM and PM sessions. Students need to sign up for lunch sessions. Students will bring their own lunch from home.	<b>#315052</b>
<b>12-2:30 p.m.</b> <b>Room: 107</b>	<b>GRADE 5K - Reading Workshop &amp; A Walk in Disney!</b> <b><i>Block Class PM with 10-minute break included</i></b> <b>Reading Workshop:</b> This course is for students who are looking for an extended learning opportunity to strengthen their reading and writing through practice utilizing the priority standards identified for each grade level. This class will encourage and support young readers as they work on their literary abilities. <b>A Walk in Disney!:</b> Students in this class will participate in various crafts and activities centered around Disney. Students will spend time learning, creating, and engaging in activities involving Disney media and themes. (i.e. For Finding Nemo, students may create a fish craft). <b>Instructor:</b> Jessie Klink, Teacher, Donges Bay Elementary School	<b>#315013</b>

**12-2:30 p.m.**  
**Room: 108****GRADE 1 - Reading Workshop & Written and Illustrated by YOU #315015*****Block Class PM with 10-minute break included***

**Reading Workshop:** In this course, students will strengthen their reading abilities as they engage in daily activities utilizing the priority standards of first grade. This class will encourage and support young readers as they further develop their foundational reading skills.

**Written and Illustrated by YOU!** In this course, students will develop their writing skills to prepare for first grade. Students will gain experience in brainstorming, organizing their thoughts, and publishing their work to become an author.

**Instructor:** Kaitlin Koch, Teacher, Lake Shore Middle School

**2:30-4:00 p.m.****Outdoor Games & Playground (K-1) #315016**

Students will have the opportunity to play structured games facilitated by an adult and have free choice activity/play time.

**Supervisor:** Julie Hart, Recess Mentor, Wilson Elementary School

<b>8-9 a.m.</b>	<b>Morning Playground</b> Range Line Gym	<b>#315009</b>
<b>9-11:30 a.m.</b> <b>Room: 109</b>	<b>GRADE 2 - Math FUNdamentals &amp; Story Problem Solvers</b> <b>Block Class AM with 10-minute break included</b> Math FUNdamentals will offer students the ability to strengthen skills and gain extra practice in mathematics utilizing workshop approach. This class will focus on building skills in numbers and operations, algebraic thinking, geometry, data and measurement. <b>Story Problem Solvers</b> is for those students who want or need to strengthen their skills in solving story problems and explaining their thinking/reasonableness in math. This time will be spent working on solving different story structures problems through a variety of activities while helping students to visually and conceptually understand the operations being used. We will show how the math they learn throughout the year applies in a real life setting. <b>Instructor:</b> Ashley Markowiak, Teacher, Donges Bay & Oriole Lane Elementary Schools	<b>#315017</b>
<b>9-11:30 a.m.</b> <b>Room: 101</b>	<b>GRADE 2-3 - I am a Scientist &amp; Written and Illustrated by YOU!</b> <b>Block Class AM with 10-minute break included</b> <b>I am a Scientist:</b> Come have some fun with simple experiments that the students can do at home and school! Students will learn how to do the experiment during the teaching time, explain why it happens/works, and then during the work time, they can do the experiment and draw pictures to show what happened. <b>Written and Illustrated by YOU!:</b> Become an author and illustrator! This class will offer students the ability to continue practice in writing. Students will gain experience in brainstorming, organizing their thoughts, and publishing their work that will enhance their ability to be an author for informational, opinion, and narrative writing. <b>Instructor:</b> Charla Papendorf, Teacher, Lake Shore Middle School	<b>#315021</b>
<b>9-11:30 a.m.</b> <b>Room:</b> <b>Computer Lab</b>	<b>GRADE 2-3 - Learning to Code with Ozobots</b> <b>Block Class AM with 10-minute break included</b> Students will learn to program and interact with Ozobots. They will be introduced to two ways to code: On paper and on Chromebooks using Ozoblockly. We will explore solving real world problems and explore possible career choices that will require coding and programming in the future. Students will walk away with skills of thinking creatively, reasoning systematically, and working collaboratively. <b>Instructor:</b> JoAnn Hausknecht, Teacher, Oriole Lane Elementary School	<b>#315023</b>
<b>9-11:30 a.m.</b> <b>Room:</b> <b>Conference Room</b>	<b>GRADE 2-4 - Creative Drama: Speaking with Purpose</b> <b>Block Class AM with 10-minute break included</b> Do you have a child who wants to participate in theatre, but is hesitant about speaking in front of a crowd? A student who has all the right energy, but gets their words all twisted? This class can help! It's all about speaking! Through the course of the class, we will learn how to choose a monologue, how to clearly convey meaning, and how to be comfortable speaking in front of a crowd, no matter the size. We will learn how, through expression with words, we are able to connect to people who are different from us, and examine what we all have in common. This class will involve watching clips from movies, tv shows, and musicals to get a better understanding of how people present monologues. There will be a SHOWCASE all parents and families are invited to attend the last 30 minutes on the last day. <b>Instructor:</b> Jamie Love, Drama Director, M-T Recreation Department	<b>#315024</b>

<b>9-11:30 a.m.</b> <b>Room: 110</b>	<div> <b>GRADE 3 - Math FUNdamentals &amp; Story Problem Solvers</b> <b>#315019</b> </div> <p><b>Block Class AM with 10-minute break included</b></p> <p><b>Math FUNdamentals</b> will offer students the ability to strengthen skills and gain extra practice in mathematics utilizing workshop approach. **9-11:30 a.m.**  
**Room:**  
**Lake Shore**  
**Middle School**  
**Music Room**

**GRADE 4-5 - Beginning Ukelele & Digital Photography!**

**#315032**

**Block Class AM with 10-minute break included**

**Beginning Ukelele:** This course serves as an introduction to the ukulele and will provide students with hands-on experience making music. Students will learn to play basic melodies and rhythms, as well as be encouraged to sing along with traditional folk and pop songs. Students are welcome to bring their own instruments or borrow a MTSD instrument for the duration of the course.

**Instructor:** Laura Dobrowits, Vocal Music Teacher, Oriole Lane Elementary School

**Digital Photography:** Photographers of all abilities wanted! This course explores the process of taking digital photographs using various techniques such as "The Rule of Thirds", Space, Contrast, and the importance of choosing subject matter. Students will also be introduced to the process of editing their photographs using easily accessible programs to create both subtle and imaginative images.

**Instructor:** Barb Duenk, Research and Digital Learning Specialist & Yearbook Advisor  
 Lake Shore Middle School

**9-11:30 a.m.**  
**Room: Cafeteria**

**GRADE 5 - Math FUNdamentals & Story Problem Solvers**

**#315028**

**Block Class AM with 10-minute break included**

**Math FUNdamentals** will offer students the ability to strengthen skills and gain extra practice in mathematics utilizing workshop approach. Focus will include building skills in number and operations, algebraic thinking, geometry and data and measurement.

**Story Problem Solvers** is for those students who want or need to strengthen their skills in solving story problems and explaining their thinking/reasonableness in math. This time will be spent working on solving different story structures problems through a variety of activities while helping students to visually and conceptually understand the operations being used. We will show how the math they learn throughout the year applies in a real life setting.

**Instructor:** Dorothy Onopa, Teacher, Oriole Lane Elementary School

**11:30 a.m.-12 p.m.**

**Lunch**

**#315052**

Free lunch supervision is offered for students who sign up for both AM and PM sessions. Students need to sign up for lunch sessions. Students will bring their own lunch from home.

**12 - 2:30 p.m.**  
**Room: 201**

**GRADE 4 - Math FUNdamentals & Story Problem Solvers**

**#315027**

**Block Class PM with 10-minute break included**

**Math FUNdamentals** will offer students the ability to strengthen skills and gain extra practice in mathematics utilizing workshop approach. Focus will include building skills in number and operations, algebraic thinking, geometry and data and measurement.

**Story Problem Solvers** is for those students who want or need to strengthen their skills in solving story problems and explaining their thinking/reasonableness in math. This time will be spent working on solving different story structures problems through a variety of activities while helping students to visually and conceptually understand the operations being used. We will show how the math they learn throughout the year applies in a real-life setting..

**Instructor:** Melissa Lee, Teacher, Donges Bay Elementary School

**12 - 2:30 p.m.**  
**Room: Cafeteria**

**GRADE 4-5 - Life as a Vet & Written and Illustrated by YOU!**

**#315031**

***Block Class PM with 10-minute break included***

**Life as a Vet:** Students will explore the job of a veterinarian. From pets to zoos to farms, all the animals need to be well taken care of. In this course, students will explore topics such as animal body language, a day in the life of zoo animals, animal hygiene and the role a veterinarian plays in all of those.

**Written and Illustrated by YOU!:** Come be an author and illustrator! This class will offer students the ability to continue practice in writing. Students will gain experience in brainstorming, organizing their thoughts, and publishing their work that will enhance their ability to be an author for informational, opinion, and narrative writing.

**Instructor:** Michelle Hanson, Teacher, Wilson Elementary School

**12 - 2:30 p.m.**  
**Room:**  
**Computer Lab**

**GRADE 4-5 - Coding with LEGO WeDo 2.0**

**#315033**

***Block Class PM with 10-minute break included***

Students will use LEGO WeDo 2.0 to explore, create, and share their scientific discoveries as they build, program, and modify projects. We will explore solving real world problems and explore possible career choices that will require coding and programming in the future. Students will walk away with skills of thinking creatively, reasoning systematically, and working collaboratively.

**Instructor:** JoAnn Hausknecht, Teacher, Oriole Lane Elementary School

**12 - 2:30 p.m.**  
**Room:**  
**Conference Room**

**GRADE 5-9 - Creative Drama: Improvisation & Devised Work**

**#315034**

***Block Class PM with 10-minute break included - Limit 25 students***

Learn the joys of on-the-spot acting and problem solving onstage. Then, work towards performing a completely devised work from the brains of the students! This class is a mix of improvisation and playwriting that will teach play structure, improvisational skills, and end with a play that the class has written together. There will be a SHOWCASE all parents and families are invited to attend the last 30 minutes on the last day where they will present the play they've devised.

**Instructor:** Jamie Love, Drama Director, M-T Recreation Department

**12 - 2:30 p.m.**  
**Room:**  
**Cafeteria**

**GRADE 5 - Reading Workshop & Written and Illustrated by YOU!**

**#315029**

***Block Class PM with 10-minute break included***

**Reading Workshop:** This course is for students who are looking for an extended learning opportunity to strengthen their reading and writing through practice utilizing the priority standards identified for each grade level. This class will encourage and support young readers as they work on their literary abilities.

**Written and Illustrated by YOU!:** Come be an author and illustrator! This class will offer students the ability to continue practice in writing. Students will gain experience in brainstorming, organizing their thoughts, and publishing their work that will enhance their ability to be an author for informational, opinion, and narrative writing.

**Instructor:** Dorothy Onopa, Teacher, Oriole Lane Elementary School

**2:30-4:00 p.m.**

**Outdoor Games & Playground**

**#315035**

Students will have the opportunity to play structured games facilitated by an adult and have free choice activity/play time.

<b>8-9 a.m.</b>	<b>Morning Playground</b> Lake Shore Middle School Gym	<b>#315036</b>
<b>9 - 10:10 a.m. Room: 110</b>	<b>Grades 6-7 - Math in the Middle</b> Welcome to the wonderful world of Middle School Math. Join in the fun as we explore lots of different math topics you will study in 6th and 7th grade math through activities, games, and puzzles! <b>Instructor:</b> Sheila Jentsch, Math Teacher, Steffen & Lake Shore Middle Schools	<b>#315037</b>
<b>9 - 10:10 a.m. Room: 114</b>	<b>Grades 6-9 - Grades 6-9 - Digital Photography</b> Photographers of all abilities wanted! This course explores the process of taking digital photographs using various techniques such as "The Rule of Thirds", Space, Contrast, and the importance of choosing subject matter. Students will also be introduced to the process of editing their photographs using easily accessible programs to create both subtle and imaginative images. <b>Instructor:</b> Barb Duenk, Research and Digital Learning Specialist & Yearbook Advisor, Lake Shore Middle School	<b>#315038</b>
<b>9 - 10:10 a.m. Room: 115</b>	<b>Grades 6-9 - Crafty Creativity!</b> Students will have an opportunity to learn crafting skills that they might not have explored before. Every day will be a new craft and skill to learn. Come join us for a fun time to get those creative juices flowing! <b>Instructor:</b> Lori Pedrick, Homestead High School	<b>#315039</b>
<b>10:20 - 11:30 a.m. Room: 110</b>	<b>Grades 7-9 - Algebra</b> Amazing Algebra Adventures!! Whether Algebra is a review or new to you, we will have fun as we explore and review Algebra topics through activities, games, and puzzles! <b>Instructor:</b> Sheila Jentsch, Math Teacher, Steffen & Lake Shore Middle Schools	<b>#315040</b>
<b>10:20 - 11:30 a.m. Room: 112</b>	<b>Grades 6-7 - Reading Workshop</b> This course is for students who are looking for an extended learning opportunity to strengthen their reading and writing through practice utilizing the priority standards identified for each grade level. This class will encourage and support young readers as they work on their literary abilities. <b>Instructor:</b> Ciara Pagel, Teacher, Lake Shore Middle School	<b>#315041</b>
<b>10:20 - 11:30 a.m. Room: 115</b>	<b>Grades 6-9 - Calling All Chefs!</b> Let's have some fun in the kitchen! Students will have an opportunity to learn cooking and baking skills that they might not have explored before. Students will learn to follow recipes and practice working with others in the kitchen. <b>Instructor:</b> Lori Pedrick, Homestead High School	<b>#315042</b>
<b>10:20 - 11:30 a.m. Room: Lake Shore Music Room</b>	<b>Grades 6-9 - Advanced Ukelele</b> This course is for beginners as well as for students with some previous experience with ukuleles. It will utilize a faster pace while covering the fundamentals of the instrument through fun, engaging, performance-based activities. Students will learn to play along with simple folk songs and popular modern hits. Students are welcome to bring their own instrument or borrow a MTSD instrument for the duration of the course. <b>Instructor:</b> Laura Dobrowits, Vocal Music Teacher, Oriole Lane Elementary School	<b>#315043</b>

<b>11:30 a.m.-12 p.m.</b>	<b>Lunch</b> <b>#315052</b> Free lunch supervision is offered for students who sign up for both AM and PM sessions. Students need to sign up for lunch sessions and should bring their own lunch from home.
<b>12 - 1:10 p.m. Room: 110</b>	<b>Grades 8-9 - Geometry</b> <b>#315044</b> Geometry: New to you or a review, doesn't matter because we will have some fun exploring and reviewing Geometry topics through games, activities, and puzzles! <b>Instructor:</b> Sheila Jentsch, Math Teacher, Steffen & Lake Shore Middle Schools
<b>12 - 1:10 p.m. Room: 112</b>	<b>Grades 6-7 - Creative Writing</b> <b>#315045</b> Come let your creativity shine! This class will offer students the opportunity to practice and refine their creative writing skills at a middle school level. Students will focus on brainstorming, developing engaging plot elements, utilizing descriptive details, editing and publishing their very own works. This class will allow students to explore their creative side while simultaneously building confidence and skills required for successful middle school writing in English Language Arts. <b>Instructor:</b> Ciara Pagel, Teacher, Lake Shore Middle School
<b>12 - 1:10 p.m. Room: 114</b>	<b>Grades 7-9 - Reading Workshop</b> <b>#315046</b> This course is for students who are looking for an extended learning opportunity to strengthen their reading and writing through practice utilizing the priority standards identified for each grade level. This class will encourage and support young readers as they work on their literary abilities. <b>Instructor:</b> Heather Meinolf, Teacher, Lake Shore Middle School
<b>1:20 - 2:30 p.m. Room: 110</b>	<b>Grades 7-9 - Advanced Algebra</b> <b>#315047</b> Amazing ADVANCED Algebra Adventures!! This class is for students who are ready for more advanced Algebra challenges through activities, problem solving, games, and puzzles!! <b>Instructor:</b> Sheila Jentsch, Math Teacher, Steffen & Lake Shore Middle Schools
<b>1:20 - 2:30 p.m. Room: 112</b>	<b>Grades 6 - Getting Ready for Middle School</b> <b>#315048</b> This course will provide incoming and current middle school students with the opportunity to build and refine the skills they need for success in the middle school level. They will work on organization, time management, study skills, and note-taking. Students will work on academic success through critical thinking and questioning skills. This course will highly benefit incoming 6th graders on middle school skills. <b>Instructor:</b> Ciara Pagel, Teacher, Lake Shore Middle School
<b>1:20 - 2:30 p.m. Room: 114</b>	<b>Grades 7-9 - Creative Writing</b> <b>#315049</b> Come let your creativity shine! This class will offer students the opportunity to practice and refine their creative writing skills at a middle school level. Students will focus on brainstorming, developing engaging plot elements, utilizing descriptive details, editing and publishing their very own works. This class will allow students to explore their creative side while simultaneously building confidence and skills required for successful middle school writing in English Language Arts. <b>Instructor:</b> Heather Meinolf, Teacher, Lake Shore Middle School
<b>2:30-4:00 p.m.</b>	<b>Outdoor Games &amp; Playground</b> <b>#315050</b> Students will have the opportunity to play structured games facilitated by an adult and have free choice activity/play time.

**Virtual****Grades 6-9 - ALEKS****#315051**

In this math course, each student will be placed in an appropriate math curriculum through ALEKS. ALEKS is a web-based assessment and learning system which uses adaptive questioning to quickly and accurately determine exactly what a student knows and doesn't know. From that information, students study using a personalized learning path through ALEKS with the guidance of the Middle School Math Specialists and teachers. The purpose of this class is for students to build upon their math skills so they can be successful going into the following school year. The class will have a flexible schedule that will allow students to go at their own pace. Office hours will be available for an hour a week beginning in Session 1 and end in Session 2 for students to ask questions or receive support. The rest of the time will be spent working on ALEKS outside of class. The teacher will be available via email to answer any questions or provide additional support. \*Office Hour dates and times will be available in late May.

**Instructor:** Sheila Jentsch, Math Teacher, Steffen & Lake Shore Middle Schools

Full Schedule #2

#### **4K-5th grade: (Range Line)**

In-person classes are in block format. When you register for a block you are registering for a 2.5 hour block of time with two classes (except for 4K Jumpstart Block program) depending on the content and grade level. Teachers will provide students a 10 minute outdoor break during that time to provide some movement, please dress students appropriately. All classes will be held at Range Line Community Center.

#### **6th-9th grade: (Lake Shore Middle School)**

In-person classes are in single class format. When you register for a class you are registering for one class depending on the content and grade level. All classes for 6-9 will be held at Lake Shore Middle School.

<b>8-9 a.m.</b>	<b>Morning Playground</b> Range Line Gym	<b>#315070</b>
<b>9-11:30 a.m.</b> <b>Room: 100</b>	<b>4K Jumpstart</b> <b><i>Block Class AM with 10-minute break included</i></b> The 4K summer program will provide your child with an opportunity to grow socially, emotionally, and academically by learning skills such as classroom etiquette, pre-literacy skills, and math concepts. Children will engage in large and small group hands-on activities designed with the young learner in mind! <b>Instructor:</b> Hailley Groth, Teacher, Donges Bay Elementary School	<b>#315071</b>
<b>12-2:30 p.m.</b> <b>Room: 100</b>	<b>4K Jumpstart</b> <b><i>Block Class AM with 10-minute break included</i></b> The 4K summer program will provide your child with an opportunity to grow socially, emotionally, and academically by learning skills such as classroom etiquette, pre-literacy skills, and math concepts. Children will engage in large and small group hands-on activities designed with the young learner in mind! <b>Instructor:</b> Hailley Groth, Teacher, Donges Bay Elementary School	<b>#315072</b>

<b>8-9 a.m.</b>	<b>Morning Playground</b> Range Line Gym	<b>#315070</b>
<b>9 - 11:30 a.m.</b> <b>Room: 107</b>	<b>GRADE 5K - Math FUNdamentals &amp; Academic Games</b> <b>Block Class AM with 10-minute break included</b> <b>Math FUNdamentals:</b> This class offers students the ability to strengthen skills and gain extra practice in mathematics utilizing workshop approach. This class will focus on building skills in numbers and operations, algebraic thinking, geometry, data and measurement. <b>Academic Games:</b> Students will build on their academic skills (reading, writing and math), aligned with age level readiness, through different activities, games, and centers. <b>Instructor:</b> Jessie Klink, Teacher, Donges Bay Elementary School	<b>#315073</b>
<b>9 - 11:30 a.m.</b> <b>Room: 108</b>	<b>GRADE 1 - Reading Workshop &amp; Zones of Regulation</b> <b>Block Class AM with 10-minute break included</b> <b>Reading Workshop:</b> This course is for students who are looking for an extended learning opportunity to strengthen their reading and writing through practice utilizing the priority standards identified for each grade level. This class will encourage and support young readers as they work on their literary abilities. <b>Zones of Regulation:</b> In this course, students will explore the Zones of Regulation. They will learn to recognize their body's signals, identify states of emotion, and develop coping strategies to regulate their behavior. Students will create a "Regulation Toolbox" and explore mindfulness. <b>Instructor:</b> Kaitlin Koch, Teacher, Lake Shore Middle School	<b>#315075</b>
<b>11:30 a.m.-12 p.m.</b>	<b>Lunch</b> Free lunch supervision is offered for students who sign up for both AM and PM sessions. Students need to sign up for lunch sessions and should bring their own lunch from home.	<b>#315108</b>
<b>12 - 2:30 p.m.</b> <b>Room: 107</b>	<b>GRADE 5K - Reading Workshop &amp; A Walk in Disney!</b> <b>Block Class PM with 10-minute break included</b> <b>Reading Workshop:</b> This course is for students who are looking for an extended learning opportunity to strengthen their reading and writing through practice utilizing the priority standards identified for each grade level. This class will encourage and support young readers as they work on their literary abilities. <b>A Walk in Disney!:</b> Students in this class will participate in various crafts and activities centered around Disney. Students will spend time learning, creating, and engaging in activities involving Disney media and themes. (i.e. For Finding Nemo, students may create a fish craft). <b>Instructor:</b> Jessie Klink, Teacher, Donges Bay Elementary School	<b>#315074</b>

**12 - 2:30 p.m.**  
**Room: 108**

**GRADE 1 - Math FUNdamentals & Written and Illustrated by YOU! #315076**  
***Block Class PM with 10-minute break included***

**Math FUNdamentals:** In this course, students will preview the mathematical skills of first grade. They will complete hands-on activities utilizing manipulatives to increase their conceptual understanding of addition and subtraction strategies, geometric shapes, and measuring lengths. Students will practice critical and flexible thinking as they engage in everyday mathematical concepts.

**Written and Illustrated by YOU!:** In this course, students will develop their writing skills to prepare for first grade. Students will gain experience in brainstorming, organizing their thoughts, and publishing their work to become an author.

**Instructor:** Kaitlin Koch, Teacher, Lake Shore Middle School

**2:30 - 4:00 p.m.**

**Outdoor Games & Playground (K-1) #315077**

Students will have the opportunity to play structured games facilitated by an adult and have free choice activity/play time.

**Supervisor:** Julie Hart, Recess Mentor, Wilson Elementary School

<b>8-9 a.m.</b>	<b>Morning Playground</b> Range Line Gym	<b>#315070</b>
<b>9 - 11:30 a.m.</b> <b>Room: 109</b>	<b>GRADE 2 - Math FUNdamentals &amp; Story Problem Solvers</b> <b><i>Block Class AM with 10-minute break included</i></b> <p><b>Math FUNdamentals</b> will offer students the ability to strengthen skills and gain extra practice in mathematics utilizing workshop approach. This class will focus on building skills in numbers and operations, algebraic thinking, geometry, data and measurement.</p> <p><b>Story Problem Solvers</b> is for those students who want or need to strengthen their skills in solving story problems and explaining their thinking/reasonableness in math. This time will be spent working on solving different story structures problems through a variety of activities while helping students to visually and conceptually understand the operations being used. We will show how the math they learn throughout the year applies in a real life setting.</p> <p><b>Instructor:</b> Ashley Markowiak, Teacher, Donges Bay &amp; Oriole Lane Elementary Schools</p>	<b>#315078</b>
<b>9 - 11:30 a.m.</b> <b>Room: 101</b>	<b>GRADE 2-3 - Life as a Vet &amp; Written and Illustrated by YOU!</b> <b><i>Block Class AM with 10-minute break included</i></b> <p><b>Life as a Vet:</b> Students will explore the job of a veterinarian. From pets to zoos to farms, all the animals need to be well taken care of. In this course, students will explore topics such as animal body language, a day in the life of zoo animals, animal hygiene and the role a veterinarian plays in all of those.</p> <p><b>Written and Illustrated by YOU!:</b> Become be an author and illustrator! This class will offer students the ability to continue practice in writing. Students will gain experience in brainstorming, organizing their thoughts, and publishing their work that will enhance their ability to be an author for informational, opinion, and narrative writing.</p> <p><b>Instructor:</b> Wendy Smith, Teacher, Donges Bay Elementary School</p>	<b>#315082</b>
<b>9 - 11:30 a.m.</b> <b>Room:</b> <b>Computer Lab</b>	<b>GRADE 2-3 - Learning to Code with Ozobots</b> <b><i>Block Class AM with 10-minute break included</i></b> <p>Students will learn to program and interact with Ozobots. They will be introduced to two ways to code: On paper and on Chromebooks using Ozoblockly. We will explore solving real world problems and explore possible career choices that will require coding and programming in the future. Students will walk away with skills of thinking creatively, reasoning systematically, and working collaboratively.</p> <p><b>Instructor:</b> JoAnn Hausknecht, Teacher, Oriole Lane Elementary School</p>	<b>#315084</b>
<b>9 - 11:30 a.m.</b> <b>Room: 110</b>	<b>GRADE 3 - Math FUNdamentals &amp; Story Problem Solvers</b> <b><i>Block Class AM with 10-minute break included</i></b> <p><b>Math FUNdamentals</b> will offer students the ability to strengthen skills and gain extra practice in mathematics utilizing workshop approach. This class will focus on building skills in numbers and operations, algebraic thinking, geometry, data and measurement.</p> <p><b>Story Problem Solvers</b> is for those students who want or need to strengthen their skills in solving story problems and explaining their thinking/reasonableness in math. This time will be spent working on solving different story structures problems through a variety of activities while helping students to visually and conceptually understand the operations being used. We will show how the math they learn throughout the year applies in a real life setting.</p> <p><b>Instructor:</b> Jen Parades, Teacher, Donges Bay Elementary School</p>	<b>#315080</b>

<b>11:30 a.m.-12 p.m.</b>	<b>Lunch</b> <b>#315108</b> Free lunch supervision is offered for students who sign up for both AM and PM sessions. Students need to sign up for lunch sessions and should bring their own lunch from home.
<b>12 - 2:30 p.m.</b> <b>Room: 109</b>	<b>GRADE 2 - Written and Illustrated by YOU! &amp; Reading Workshop</b> <b>#315079</b> <b><i>Block Class PM with 10-minute break included</i></b> <b>Written and Illustrated by YOU!:</b> Become be an author and illustrator! This class will offer students the ability to continue practice in writing. Students will gain experience in brainstorming, organizing their thoughts, and publishing their work that will enhance their ability to be an author for informational, opinion, and narrative writing. <b>Reading Workshop:</b> This course is for students who are looking for an extended learning opportunity to strengthen their reading and writing through practice utilizing the priority standards identified for each grade level. This class will encourage and support young readers as they work on their literary abilities. <b>Instructor:</b> Ashley Markowiak, Teacher, Donges Bay & Oriole Lane Elementary Schools
<b>12 - 2:30 p.m.</b> <b>Room: 101</b>	<b>GRADE 2-3 - I am a Scientist &amp; Reading Workshop</b> <b>#315083</b> <b><i>Block Class PM with 10-minute break included</i></b> <b>I am a Scientist:</b> Come have some fun with simple experiments that the students can do at home and school! Students will learn how to do the experiment during the teaching time, explain why it happens/works, and then during the work time, they can do the experiment and draw pictures to show what happened. <b>Reading Workshop:</b> This course is for students who are looking for an extended learning opportunity to strengthen their reading and writing through practice utilizing the priority standards identified for each grade level. This class will encourage and support young readers as they work on their literary abilities. <b>Instructor:</b> Wendy Smith, Teacher, Donges Bay Elementary School
<b>12 - 2:30 p.m.</b> <b>Room: 110</b>	<b>GRADE 3 - Written and Illustrated by YOU! &amp; Reading Workshop</b> <b>#315081</b> <b><i>Block Class PM with 10-minute break included</i></b> <b>Written and Illustrated by YOU!:</b> Become be an author and illustrator! This class will offer students the ability to continue practice in writing. Students will gain experience in brainstorming, organizing their thoughts, and publishing their work that will enhance their ability to be an author for informational, opinion, and narrative writing. <b>Reading Workshop:</b> This course is for students who are looking for an extended learning opportunity to strengthen their reading and writing through practice utilizing the priority standards identified for each grade level. This class will encourage and support young readers as they work on their literary abilities. <b>Instructor:</b> Molly Palmisano, Teacher, Oriole Lane Elementary School
<b>2:30-4:00 p.m.</b>	<b>Outdoor Games &amp; Playground (2-3)</b> <b>#315085</b> Students will have the opportunity to play structured games facilitated by an adult and have free choice activity/play time. <b>Supervisor:</b> Ashley Markowiak, Teacher, Donges Bay & Oriole Lane Elementary Schools

<b>8-9 a.m.</b>	<b>Morning Playground</b> Range Line Gym	<b>#315070</b>

<b>8-9 a.m.</b>	<b>Morning Playground</b> Lake Shore Middle School Gym.	<b>#315094</b>
<b>9 - 10:10 a.m.</b> <b>Room: 110</b>	<b>GRADE 6-7 - Math in the Middle</b> Welcome to the wonderful world of Middle School Math. Join in the fun as we explore lots of different math topics you will study in 6th and 7th grade math through activities, games, and puzzles! <b>Instructor:</b> Sheila Jentsch, Math Teacher, Steffen & Lake Shore Middle Schools	<b>#315095</b>
<b>9 - 10:10 a.m.</b> <b>Lake Shore Music Room</b>	<b>GRADE 6-9 - Advanced Ukelele</b> This course is for beginners as well as for students with some previous experience with ukuleles. It will utilize a faster pace while covering the fundamentals of the instrument through fun, engaging, performance-based activities. Students will learn to play along with simple folk songs and popular modern hits. Students are welcome to bring their own instrument or borrow a MTSD instrument for the duration of the course. <b>Instructor:</b> Laura Dobrowits, Vocal Music Teacher, Oriole Lane Elementary School	<b>#315096</b>
<b>9 - 10:10 a.m.</b> <b>Room: 115</b>	<b>GRADE 6-9 - Grades 6-9 - Crafty Creativity!</b> Students will have an opportunity to learn crafting skills that they might not have explored before. Every day will be a new craft and skill to learn. Come join us for a fun time to get those creative juices flowing! <b>Instructor:</b> Heidi Kressin, Teacher, Lake Shore Middle School	<b>#315097</b>
<b>10:20 - 11:30 a.m.</b> <b>Room: 110</b>	<b>GRADE 7-9 - Algebra</b> Amazing Algebra Adventures!! Whether Algebra is a review or new to you, we will have fun as we explore and review Algebra topics through activities, games, and puzzles!! <b>Instructor:</b> Sheila Jentsch, Math Teacher, Steffen & Lake Shore Middle Schools	<b>#315098</b>
<b>10:20 - 11:30 a.m.</b> <b>Room: 112</b>	<b>GRADE 6-7 - Reading Workshop</b> This course is for students who are looking for an extended learning opportunity to strengthen their reading and writing through practice utilizing the priority standards identified for each grade level. This class will encourage and support young readers as they work on their literary abilities. <b>Instructor:</b> Heidi Kressin, Teacher, Lake Shore Middle School	<b>#315099</b>
<b>10:20 - 11:30 a.m.</b> <b>Room: 115</b>	<b>GRADE 6-9 - Calling All Chefs!</b> Let's have some fun in the kitchen! Students will have an opportunity to learn cooking and baking skills that they might not have explored before. Students will learn to follow recipes and practice working with others in the kitchen. <b>Instructor:</b> Lori Pedrick, Homestead High School	<b>#315100</b>
<b>11:30 a.m.-12 p.m.</b>	<b>Lunch</b> Free lunch supervision is offered for students who sign up for both AM and PM sessions. Students need to sign up for lunch sessions and should bring their own lunch from home.	<b>#315108</b>

**12 - 1:10 p.m.**  
**Room: 110**

**GRADE 8-9 - Geometry**

**#315101**

Geometry: New to you or a review, doesn't matter because we will have some fun exploring and reviewing Geometry topics through games, activities, and puzzles!!!

**Instructor:** Sheila Jentsch, Math Teacher, Steffen & Lake Shore Middle Schools

**12 - 1:10 p.m.**  
**Room: 112**

**GRADE 6-7 - Creative Writing**

**#315102**

Come let your creativity shine! This class will offer students the opportunity to practice and refine their creative writing skills at a middle school level. Students will focus on brainstorming, developing engaging plot elements, utilizing descriptive details, editing and publishing their very own works. This class will allow students to explore their creative side while simultaneously building confidence and skills required for successful middle school writing in English Language Arts.

**Instructor:** Heidi Kressin, Teacher, Lake Shore Middle School

**12 - 1:10 p.m.**  
**Room: 114**

**GRADE 7-9 - Reading Workshop**

**#315103**

This course is for students who are looking for an extended learning opportunity to strengthen their reading and writing through practice utilizing the priority standards identified for each grade level. This class will encourage and support young readers as they work on their literary abilities.

**Instructor:** Heather Meinolf, Teacher, Lake Shore Middle School

**1:20 - 2:30 p.m.**  
**Room: 110**

**GRADE 7-9 - Advanced Algebra**

**#315104**

Amazing ADVANCED Algebra Adventures!! This class is for students who are ready for more advanced Algebra challenges through activities, problem solving, games, and puzzles!!

**Instructor:** Sheila Jentsch, Math Teacher, Steffen & Lake Shore Middle Schools

**1:20 - 2:30 p.m.**  
**Room: 112**

**GRADE 6 - Getting Ready for Middle School**

**#315105**

This course will provide incoming and current middle school students with the opportunity to build and refine the skills they need for success in the middle school level. They will work on organization, time management, study skills, and note-taking. Students will work on academic success through critical thinking and questioning skills. This course will highly benefit incoming 6th graders on middle school skills.

**Instructor:** Heidi Kressin, Teacher, Lake Shore Middle School

**1:20 - 2:30 p.m.**  
**Room: 114**

**GRADE 7-9 - Creative Writing**

**#315106**

Come let your creativity shine! This class will offer students the opportunity to practice and refine their creative writing skills at a middle school level. Students will focus on brainstorming, developing engaging plot elements, utilizing descriptive details, editing and publishing their very own works. This class will allow students to explore their creative side while simultaneously building confidence and skills required for successful middle school writing in English Language Arts.

**Instructor:** Heather Meinolf, Teacher, Lake Shore Middle School

**2:30-4:00 p.m.**

**Outdoor Games & Playground**

**#315107**

Students will have the opportunity to play structured games facilitated by an adult and have free choice activity/play time.

**Blended  
Learning  
Throughout  
the Summer  
(Virtual)****GRADE 6-9 - ALEKS****#315051**

In this math course, each student will be placed in an appropriate math curriculum through ALEKS. ALEKS is a web-based assessment and learning system which uses adaptive questioning to quickly and accurately determine exactly what a student knows and doesn't know. From that information, students study using a personalized learning path through ALEKS with the guidance of the Middle School Math Specialists and teachers. The purpose of this class is for students to build upon their math skills so they can be successful going into the following school year. The class will have a flexible schedule that will allow students to go at their own pace. Office hours will be available for an hour a week beginning in Session 1 and end in Session 2 for students to ask questions or receive support. The rest of the time will be spent working on ALEKS outside of class. The teacher will be available via email to answer any questions or provide additional support. \*Office Hour dates and times will be available in late May.

**Instructor:** Sheila Jentsch, Math Teacher, Steffen & Lake Shore Middle Schools
