

Destination Imagination

Students grades K-8 work with Teams of 2-7 age-like peers to solve 7 STEAM-based challenges supported by Parent Volunteers

Purpose at MTSD: to provide our students experiences and challenges to explore their creativity through STEAM (science, technology, engineering, arts, and math)

Notable Information:

- **DI is kid-powered!**
- **Activity fee of \$75 required**
- **Regular season runs from October to end of March**
- **Weekly meetings held after school or in the evenings (in-person or virtual)**
- **Teams have the decision to compete in-person OR virtually this year!**
- **Student teams select and work together to solve 1 of 7 challenges by problem-solving and working together. Solutions are performed at a regional tournament in March.**

Important dates and next steps:

- If interest, your child must complete an [application form](#) (click to complete) by Friday, September 24th
- Still have questions? Attend an Informational Meeting on Tuesday, September 21st starting at 6:00 pm
- via [Zoom](#) (click “zoom” to join)
- Teams will be created and shared during the week of October 4th
- Practices are determined by Team Managers and will begin after teams are created.

Important dates and next steps (continued):

- Regional tournament: March 12th, 2022 at Kewaskum Middle School (all teams compete!)
- Affiliate (State) tournament: April 9th, 2022 at UW-Green Bay (teams may compete pending on placement at Regional tournament)
