

## Outdoor Pickleball Courts at Range Line Community Center

### Why Are We Fundraising?

Pickleball has long been one of the Mequon-Thiensville Recreation Department's most popular adult programs and now it is one of America's fastest-growing sports, bringing people of all ages together for fun, fitness, and friendly competition.

We are excited to share that our community has the opportunity to build dedicated outdoor pickleball courts at Range Line Community Center, where players can gather, improve their skills, and enjoy the game in a welcoming environment. With your support, we can make this vision a reality! Every donation, at any level, will bring us one step closer to constructing high-quality courts that will serve as a hub for recreation and connection. Join us in making a lasting impact –let's build these courts together!

### Project Details:

- Initial \$375,000 goal
- 8 courts with nets, fencing, windscreens, and walkways
- 5 sponsorship levels
- Sponsorships available through the Mequon-Thiensville School District OR donate through the Mequon-Thiensville Community Foundation 
- Donations are
- tax-deductible!
